Note: Follow the assignment calendar on Connexus. You can work ahead. Be careful to take your time and communicate with your teacher if you need additional time. You should attend live sessions if scheduled by your teacher. If you cannot attend the live session, contact your teacher and watch the recording. Most assignments cannot be repeated (you will not have multiple attempts).

Your teacher should make contact via the phone with you before/during the first week of class and if you are a full-time Connections student, your advisory teacher will also be contacting you to see how you are doing.
